

Approach

From the Harvie Heights access road, follow Rundle Road past some communications towers in a large clearing on the right. Park near a gated gravel road at the far end of the clearing. Walk up the gravel road to another clearing with a communication tower (about 8 minutes). Pick up a trail at the far left corner of the clearing and follow it for about 1 minute to a watercourse. Do not follow this drainage. Instead, follow the trail up the hill on the right to the top of a terrace. Walk east along the terrace for about 10 minutes to another watercourse and follow this up to The Alcove. Total approach time: about 35 minutes.

THE ALCOVE, RIGHT SIDE
